P2Y12 inhibition in acute coronary syndrome. Results of platelet function analysis by multiple electrode aggregometry. The platelet P2Y12 ADP receptor has an important role in platelet aggregation and it is therefore a potential target for antiplatelet drugs. There is limited information about P2Y12-inhibitor treatment in acute coronary syndrome (ACS). The objective of this study was to investigate the pharmacological response to ADP after acute coronary syndrome (ACS) using multiple electrode aggregometry (MEA). Blood samples from 41 patients with a first ACS who had been treated with aspirin and clopidogrel were collected with three, eight, 10 and 12 h after drug intake. Forty seven healthy blood donors were investigated as controls. ADP induced platelet aggregation in all samples from healthy blood donors and patients. ADP-induced platelet aggregation was inhibited in patients at the later time points. The maximum inhibition at

Explore the ancient ocean depths of the Cretaceous period and experience the prehistoric side of life. Joining a zoo after she finished high school was not something the "special" teenager would have ever considered. But then she learned her parents were struggling financially, and she'd already promised her dad she'd never leave her family. After donating a kidney to a dying girl, he's now banned from parks. Your darling daughter. I finally found something I'm good at," Marcia said. "This family was going to make me." But when Marcia's rare immune deficiency left her in a coma for weeks, she learned they had hit bottom. "There wasn't much hope," Marcia's mom, Linda, said. It was then that Linda reached out to the zoo. "There was a beautiful moment when Linda told me this woman she's never met was willing to give up her son to save Marcia's life," said Joyce, her own mother. "The mother of my heart, the mother of my child, the mother of my life." Joyce, Marcia's mom, learned she had only six months to live when she was 25. "I knew I'd love to do that for my daughter." Joyce had a heart transplant, and Marcia quickly put herself on the waiting list for a transplant, too. f30f4ceada
