## Prologue

**A Legacy.**

**The Tarnished is always tarnished.**

---

Within the Lands between, adventure has been lost in the wilderness, ruled by violence and confrontation. The lands have been ravaged by strife, and are now a grave for the new generations. In the days when the Elder Gods ruled the world, they entrusted with them a person called the "Tarnished", a person who brought them into this age of darkness. This person is said to have their power in the Lands between, and they are incredibly feared.

The Tarnished has lost their body, and is now a decaying old man living in the lands beyond, hunting for prey to provide his own food. But at the same time, he casts his eyes on another person, who called himself the "Elden Lord". As their eyes meet, a scar on the Tarnished's face spreads out; and as he casts his eyes upon the Elden Lord, the Elden Ring, known as the purest and sacred object, is given to him.

The Tarnished placed this pure, sacred object around his neck. A symbol of power and place of reverence. Being blessed by the Elden Gods, and following his namesake, he will be the Tarnished no more. And now, these two fleeting figures who roam the Lands between, will begin fighting one another for the future of the world. A world in which God has been absent for so long, only the power of the Lands remain to guide the weak nations of old.

**With Encounter as Friend, Their Collision as Enemy.**

**The Encounters are scattered all around.**

In this world created by the Elder Gods, monsters of all types are scattered, connecting different areas
