That is the real message of the whole foreign policy maneuverings of the Trump White House. The Trump White House is the creation of the American oligarchy, not the "will of the people." It is a small group of insiders at the top of the Democratic Party, which is controlled by Wall Street and Silicon Valley, with the intervention of major corporate players in foreign policy and the military. That's the power base that Trump and his GOP allies dominate. If Trump is the figure of speech that represents the American oligarchy, then his effort to replace the official New World Order with a rival New World Order is the effort of the oligarchs to secure the interests of their class. The US is at the center of that
