DiskPart is a freeware that provides disk partitioning and disk management tools. The tool allows you to create/modify/resize/initialize/rebuild partitions on any hard drive, create dynamic disks, delete partitions, format/de-format partitions, manage storage volumes, etc. DiskPart provides you a comprehensive disk partitioner to simplify hard disk partitioning and disk management, just easy to use and free to download. Disk Management is provided by the Windows operating system and is therefore present as a built-in part of every Windows operating system. However, as the name suggests, the Disk Management tool displays and manages data on the physical, hard disk drives. It's a very powerful tool to manage every partition and disk connected to Windows, it's also very easy to use. To do that, you would expect to be able to install 64 bit Windows 7 on your 32bit host. No such

luck - You'll need to change the installation architecture. In a nutshell: Every installed piece of software in Windows must be 64 bit compatible. So if your host computer is 32bit you cannot install 64bit Windows 7. You can build the product yourself, but it's a whole lot of work. So you'd be better off just buying a new computer. I had to re-install Windows 7 (because an upgrade would have overwritten the OS), and the only option I could see for doing this was to use a disk image. I found many advantages to using a disk image as an upgrade source, but a few disadvantages. FreeEase Partition Master is a free partition software for Windows systems, which provides professional partition tools with high compatibility and ease of use to help users easily resize, delete, move, format, merge, and even split partitions. It is capable of shrinking, enlarging, copying partitions of an internal drive to an external drive, and vice versa, and also allows users to move an entire drive (including all files, data, and partitions) from one partition to another. And it has an in-built, professional bootable CD or USB drive creator, and a full scan tool to ensure that there is no virus and no duplicate partition. It also supports unlimited resizing and moving for large partitions. 5ec8ef588b
